

RTS Intercom Systems shows the PAM 16 Production Audio Monitor

September 2009
ST/MKT-COM

Straubing – RTS is proud to show the PAM-16 Production Audio Monitor at IBC 2009.

Similar to the PAM-32, the PAM-16 has 16 push button keys used for monitoring audio inputs. The PAM-16 features four character alphanumeric displays with adjustable brightness control, making it suitable for all types of ambient lighting: from direct sunlight to darkness.

The output of the PAM-16 can be connected to a monitor speaker or can be used to create a mix (minus audio) that can be sent back to the Matrix as input for IFBs.

Features

- 16 push-button keys available for monitoring inputs.
- Easy upgrades. Firmware updates can be received via the Internet, for example, and then downloaded to the PAM-16 via AZedit.

The Bosch Group is a leading global supplier of technology and services. In the areas of automotive and industrial technology, consumer goods, and building technology, some 280,000 associates generated sales of 45.1 billion euros in fiscal 2008. The Bosch Group comprises Robert Bosch GmbH and its more than 300 subsidiaries and regional companies in over 60 countries. If its sales and service partners are included, then Bosch is represented in roughly 150 countries. This worldwide development, manufacturing, and sales network is the foundation for further growth. Each year, Bosch spends more than 3.5 billion euros, or eight percent of its sales revenue, for research and development, and applies for over 3,000 patents worldwide. With all its products and services, Bosch enhances the quality of life by providing solutions which are both innovative and beneficial.

The company was set up in Stuttgart in 1886 by Robert Bosch (1861-1942) as "Workshop for Precision Mechanics and Electrical Engineering." The special ownership structure of Robert Bosch GmbH guarantees the entrepreneurial freedom of the Bosch Group, making it possible for the company to plan over the long term and to undertake significant up-front investments in the safeguarding of its future. Ninety-two percent of the share capital of Robert Bosch GmbH is held by Robert Bosch Stiftung GmbH, a charitable foundation. The majority of voting rights are held by Robert Bosch Industrietreuhand KG, an industrial trust. The entrepreneurial ownership functions are carried out by the trust. The remaining shares are held by the Bosch family and by Robert Bosch GmbH.
