

IFB-1000

Beltpack

Portable, single-channel, listen-only beltpack. High-quality audio receive circuit. Rugged low-profile metal case with sturdy belt clip. Recessed volume control. Power on indicator. One 3-pin XLR connector for party line connection. 1/4 inch phone jack for earphone or earset. Uses same cables and wall plates as BP-1002. Powered from party line.

Features

- Volume Control –Use this control to adjust the headphone/earset listen level.
- On Indicator–This LED glows green when the belt pack is connected to an intercom channel that is functioning.
- Headphone/Earset Connector–This connector accepts a wide-response earset, such as the RTS EMV-2, with a 1/4" monaural phone plug.
- Intercom Channel Connectors –The IFB-1000 intercom channel is connected via a 3-pin female connector. The IFB-1000 is powered from the intercom system power supply and will turn on with the intercom system.
